ICS Maldives to introduce Annual Maintenance Contracts for its clientele in Male'

ICS Maldives is to introduce the concept of "Annual Maintenance Contracts (AMC's) to its valued clientele in the Maldives.

This was announced by the company's Assistant General Manager, Mr. Abdulla Shahid in a briefing. According to Shahid, the new concept of AMC's will now replace the previously practiced Software Membership Services.

As per the new Annual Maintenance Contract terms, the customers will enjoy a wide range of support and services from ICS Maldives for the various business automation solutions provided by ICS such as Retail Pro, QuickBooks, Tally and ACCPAC.

Customers who subscribe to the programme will pay an annual payment in return for ICS's support services which could be split in to several installments payable on a monthly basis. The number of installations, and the number of licenses, seats and inventories will decide the amount the customers will have to pay ICS for the AMC's.

ICS Maldives was the first company of its kind to introduce the concept of software membership services. In January, the company commemorated its 10th successful year of QuickBooks support to the nation at a dinner held to celebrate the event along with its customers.

In addition to Business Automation, ICS Maldives also has a separate division that specializes in providing Business Consultancy including feasibility studies, Market studies, qualitative and quantitative market researches, SWOT analysis as well as business profile building. ICS Maldives is the oldest of the companies under the FALIM Group.

MAPS Institute commences tuitions for O – level students

MAPS Institute has commenced tuitions for the Ordinary level students. Classes have already begun for the most demanded subjects such as English and Maths.

"MAPS has attempted to commence tuitions for the ordinary level and advanced level students with the principal objective of securing its potential market. Since most of the students who join our professional study programmes such as ABE or ACCA have

completed either o-level or A-level, we found this as the right time to pitch in to service this feeder segment" remarked Nuha Nizam, the Chief Executive Officer of MAPS Institute.

MAPS Institute has been the pioneer in introducing and conducting key study programmes from overseas bodies such as the Association of Chartered Certified Accountants (ACCA) and the Association of Business Executives (ABE)

Join MAPS | we provide you the best O'Level & A'Level Tuition
